Experience

UX/UI Designer · SnipClip die digitale Fabrik GmbH
September 2017 - June 2023

Creating engaging and intuitive digital experiences for a diverse range of clients and industries all the while collaborating with fellow designers, developers and project managers.

Leading UX projects, and onboarding of UX trainees and working students.

Other tasks included UX writing, UX auditing and consulting, internal marketing support, and research and workshops related to AI apps and their applied use.

UX/UI Designer · TeleClinic GmbH
April 2016 - May 2017

Crafting seamless and user-centered experiences across Android, iOS, and web applications. Other tasks included creation of custom icons, marketing material and acting as interim product owner.

Web Design Intern · TeleClinic GmbH
October 2015 - March 2016

Contribution to frontend development (AngularJS, SASS, Bootstrap) and crafting UI designs for Android, iOS, and web applications. Other tasks included creation of custom vector illustrations for the website to enhance its visual appeal and brand identity.
